Additional fund required for Assessment charges to Apparel Made-ups and Home furnishing Sector Skill Council (AMHSSC)

Textile and Apparel Sectors being spread far and wide in the country not only provide wage and self-employment to millions of people but have the capacity to transform rural economy if properly linked.

As per G.O (Ms) No. 53 Labour and Employment (S2) Department, Dated: 24.02.2016 Government have issued orders to train 4450 candidates through ATDC at a cost of Rs.155.75 /- lakh for imparting skill training programme in Textile Management sector.

Owing to the presence of widespread training centres, participated by both public and private entities, determining the quality of training rendered at different training centres is crucial to the success of the skill development programme and thus skill assessment is essential part of skill development. It is further mandated that the competency assessment of the candidate is being done by independent Assessing Bodies (AB) which are not involved in training delivery, to ensure an impartial assessment. AMHSSC has been authorized by NSDC for evolving assessing proficiencies of skills of trainees for the Apparel Sector, Made-ups and Home Furnishing for their respective subject areas.

ATDC was advised to assess 1588 candidates through Apparel Made-ups and Home furnishing Sector Skill Council (AMHSSC). The assessment cost was not included in the previous G.O (Ms) No. 53, Labour and Employment (S2) Department, Dated: 24.02.2016.

Hence, an additional fund of Rs.15,88,000/- is sanctioned for payment of assessment charges to Apparel Made-ups and Home furnishing Sector Skill Council (AMHSSC).

Proposals for Recognition of Prior Learning (RPL) accreditation in different sectors:

Recognition of Prior Learning (RPL) is a very important function associated with National Skills Qualification Framework (NSQF). RPL can be defined as the process of recognizing previous learning, often experiential, towards gaining a qualification.

RPL is of particular significance in India, especially in the informal sector that employs more than 90% of the workforce. While there is an urgent need for skill-based training for jobs across the country, the absence of sufficient training avenues prevents the existing workforce to acquire skill training through formal channels. As a result, most of the skill acquisition takes place through informal channels such as family occupation, on-the-job experience under a master craftsman, etc. Reconciling these issues is at the core of RPL framework in India.

Integrating RPL framework within the general and vocational education systems is the need of the hour. RPL will be particularly beneficial for the youth of the country because it can enable individuals to build on skills acquired. RPL can bridge the entry restrictions of the formal training system by providing clear linkages between vocational learning and formal learning. This will not only enable the socio-economic mobility of workers, but will also facilitate professional/educational progression. An **outcome-based** approach is integral to the RPL that will recognize skills of workers irrespective of the methods/inputs utilized.

TNSDC is aiming for Recognition of Prior Learning (RPL) of skilled workers engaged in Construction, Leather, Textiles, Automobile and Health Sectors which will take the uncertified workers to next level of certified skilled work force. TNSDC has received proposals from the following agencies to assess and certify under RPL Programme.

Sl. No	Agency	Sector	No. of Persons	Cost of Assessment & certification	Total
1	Central footwear Training Institute (CFTI)	Leather	5000	Rs.1000 per trainee	50,00,000

3.	Logistics Sector Skill Council	Logistics	5000	Rs.1000 per trainee	50,00,000

		Automobile	1500		15,00,000

5	Rescue Skills Private Limited, Karur.	Automobile	500	Rs.1000 per trainee	5,00,000
